Profession Experience

Curriculum Engineer (Contract) – Trilogy Education

Jul 2017 – Present

Reviewed Full Stack Web Development curriculum and developed student assessments based on course work. Wrote and administered tests on Terminal/Bash, HTML/CSS, Git/GitHub, JavaScript, jQuery, AJAX/APIs, NodeJS, Express, MySQL, and MongoDB. Currently developing React assessment.

UCF Coding Boot Camp TA (Contract) – Trilogy Education

Apr 2017 – Present

Teaching Assistant, supported students enrolled in the UCF Coding Boot Camp – an intense, fast-paced curriculum covering the full web development stack including JavaScript, jQuery, AJAX, RESTful APIs, NodeJS, Express, AngularJS/React, MongoDB, MySQL, and more. Tutored in above technologies, resolved coding and logic problems, encouraged students, graded assignments and projects, reviewed curriculum assignment and activity code, and helped maintain pace and schedule.

Web Application Developer – Alinean, Inc.

Aug 2017 – Oct 2017

Front End Web Developer, built SAAS business-to-business tools. Technologies used in development included HTML, CSS, JavaScript, jQuery, Bootstrap, and Flexbox. Coded using NetBeans as primary IDE, and Subversion for version control. Applications deployed to Apache servers. Jira software used for issue and project tracking.

Licensed Real Estate Agent – Self Employed

Apr 2004 – Apr 2017

Real estate agent, specialized in international buyers and investors, in a role that required self discipline, self motivation, and entrepreneurial spirit. Developed and maintained relationships with culturally diverse clients, handled challenging contracts with difficult time constraints, dealt with objections and managed expectations, and brought together principals including client, builder/developer, title, inspector, legal and others to reach positive outcomes.

Education

UCF Web Development Boot Camp Certificate

Aug 2016 – Apr 2017

Immersive six month program covering the full stack of web development technologies

University of Central Florida – Bachelor of Science in Electrical Engineering

Personal Projects

Personal GitHub Repository – Sample Code
