Developer Skills	Software Engineer / Web Developer. Most recently working with JavaScript, ReactJS, NodeJS, HTML, CSS. Additional prior experience with jQuery, Express, MongoDB with Mongoose ODM, MySQL with Sequelize ORM, AJAX, RESTful APIs, Bootstrap, Materialize, Bulma, Git/GitHub, Perforce and Subversion source control, JIRA, UNIX command line.	
Other Skills	Adobe Photoshop, Elementary French	
Profession Experience	Software Engineer / Web Developer – Cubic Corporation	Feb 2018 – Present
	Currently developing web applications and training course-ware in an Agile environment. Development stack includes JavaScript, ReactJS, NodeJS, HTML, CSS, npm packages, and Perforce for source control. Also worked on a project developing transportation software used by various mass transit authorities around the country. Development stack included C#, WPF, .NET, Visual Studio IDE, and TFS for source control.	
	Curriculum Engineer (Contract) – Trilogy Education	Jul 2017 – Aug 2018
	Reviewed Full Stack Web Development curriculum and developed student assessments based on course work. Wrote and administered tests on Terminal/Bash, HTML/CSS, Git/GitHub, JavaScript, ReactJS, jQuery, AJAX/APIs, NodeJS, Express, MySQL, MongoDB.	
	UCF Coding Boot Camp TA (Contract) – Trilogy Education	Apr 2017 – Apr 2018
	Teaching Assistant, supported students enrolled in the University of Central Florida Coding Boot Camp – an intense, fast-paced curriculum covering full stack development. Tutored, resolved coding and logic problems, encouraged students, graded assignments and projects, reviewed curriculum assignment and activity code, aided in maintaining pacing.	
	Web Application Developer (Remote) – Alinean, Inc.	Aug 2017 – Oct 2017
	Front End Web Developer, built SAAS business-to-business tools. Development stack included HTML, CSS, JavaScript, jQuery, Bootstrap, and Flexbox, NetBeans IDE and Subversion for source control.	
	Licensed Real Estate Agent – Self Employed	Apr 2004 – Apr 2017
	Real estate agent, specialized in international buyers and investors, in a role that required self discipline, self motivation, and entrepreneurial spirit. Developed and maintained relationships with culturally diverse clients, handled challenging contracts with difficult time constraints, dealt with objections and managed expectations, and brought together principals including client, builder/developer, title, inspector, legal and others to reach positive outcomes.	
Education	UCF Web Development Boot Camp Certificate	Aug 2016 – Apr 2017
	Immersive six month program covering the full stack of web development technologies	
	University of Central Florida – Bachelor of Science in Electrical Engineering
